DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the State or Tribal agency responsible for pesticide regulation.

Crop	Disease	Rate qt/acre	Application Instructions
Sunflowers	Sunflower Rust (Red Rust) <i>Puccinia helianthi</i>	1 - 4	Use as part of a program with other fungicides labeled for Sunflower Rust. Begin application soon after emergence and when conditions are conducive to disease development. Repeat on 7 to 14 day intervals or as needed. Use higher rates and shorter application intervals under heavy disease pressure.

All applicable directions, restrictions and precautions on the EPA-registered label are to be followed.

This FIFRA Section 2(ee) recommendation contains new or additional directions for use of this product, which may not appear on the package label. Read and carefully observe the cautionary statements plus all the other information appearing on the product label.

This recommendation should be in the possession of the user at the time of pesticide application.
